MEMORANDUM FOR: Mr. Coffey via [ ]

25X1A

25X1A

[ ] has received an advance copy of this proposal and is preparing a recommendation for Colonel White's approval in combination with the proposal we sent forward last week.

25X1A

[ ] says he guesses the product of this contract will cost about \$50,000 per unit in production if the test and evaluation is successful and they decide to go for more. Present thinking is that they would install about [ ]

25X1A

25X1A

This device would have an application - could be used - in the Security [ ] system. It may be proven and ready before Security has to make a decision about extending their system further, but it probably won't be practical for that application unless the cost comes down.

Recommend your approval.

[ ]  
Chief, Support Services Staff
